

answer – something like a mice moving around inside the body, then she said she has sinusitis, and she also said amazing, next time will join and learn Longevityology.

The day before the mid-autumn festival, father had an operation for gallstone, after the operation and start applying adjustments for him. When he woke up and he asked why putting spell on his body, I thought this must be the energy. He has been coughing a lot that night, applied adjustments to the throat, very strange, just after one minute, he spat out a lot of sputum, then stopped coughing, three days later he was able to leave hospital, Longevityology is so amazing.

One only needs to have a firm believe, extending the warm loving hands, surely able to make a healthy life, and even more kind and harmonious society.
